	Composition:	Still holding capacity(kg) :	
	Composition:	Still holding capacity(kg) :	
	Composition:	Still holding capacity(kg) :	
Total initial volume(kg)			
Composition of distillation	.....	Composition of still residue	.....
	.....		.....
Distillation(Reflux)volume (kg/hr)	.....	Still residue vaolume (kg/hr)	.....
Distillation(Reflux) temperature (°C)	.....	.....	.....
Time of 1 batch	.....	.....	.....

※Time of 1 batch :Please count the time since first drop and distillation have been started.

No including the time required of holding distilland, the time of rising temperature, reflux time and hold up liquid after stopping distillation + the time of removing still residue

**Specific condition for separation**

Required SPEC	.....
